Method and apparatus for building and managing multi-**clustered** computer systems
CY Chao, PM Goal, RJ McCarty - US Patent 6,438,725, 2002 - Google Patents
... It is possible to move resources between nodes which reside in different subclus- ters. The
multi-**cluster** layer also externalizes interfaces similar to those of the subclusters, providing
application **compatibility**. ... In modern **cluster** systems such as IBM **HACMP** and Microsoft ...

Method and apparatus for managing **clustered** computer systems
CY Chao, PM Goal, RJ McCarty - US Patent 6,393,485, 2002 - Google Patents
... In modern **cluster** systems such as IBM **HACMP** and Microsoft "Wolfpack", the resource relationship
information is maintained in a **cluster**- wide data file ... Instead, the present system provides an
implementation of the exist- ing **cluster** API DLL that is binary **compatible** with the ...

HIGH AVAILABILITY OF INTERNET PROTOCOL ADDRESSES WITHIN A **CLUSTER**
MK COFFEY, MB Muttur - US Patent App. 12/061,405, 2008 - Google Patents
... RSCT is a clus- tering infrastructure that can be used by **HACMP**™ for pro- viding higher ... In further
embodiments, any number of **cluster** nodes 108 through 110 is supported ... nodes 108, 110 include
one or more Personal Computers ("PCs") (eg, IBM or **compatible** PC workstations ...

[PDF] The approaches for high available and fault-tolerant **cluster** systems
HY Youn, C Yu, DS Han, D Lee, K Taejon - FTCC, 2000 - Citeseer
... It enables a collection of nodes to act as a single powerful computer that can run numerous
applications unmodified, because Solaris MC is binary **compatible** with the Solaris ... It includes
three key features for controlling and managing the processes running on a **cluster**: ...
